

# Capability Statement - RazrWing Inc.

## Company Overview

RazrWing Inc. specializes in Augmented Reality (AR), Virtual Reality (VR), Artificial Intelligence (AI), Metamaterials, Quantum Computing, and 3D Printing. Our mission is to pioneer Wearable Interactive Entertainment Technology, AR/VR simulations, and Metaverse-driven experiences across various industries, including government contracting, retail, defense, training, and advertising.

## Core Competencies

- Augmented Reality (AR) & Virtual Reality (VR) Development
- AI-Driven AR/VR Simulations & Digital Twin Technology
- Metaverse & Immersive Experience Development
- AR/VR Training & Simulation for Government & Military
- Wearable Interactive Entertainment & Smart Apparel
- Holographic Display Technology & Spatial Computing
- 3D Printing & Custom Fabrication for AR/VR Hardware
- Meta Materials Research & Applications in Optics & Sound
- AI-Powered Smart Retail & Consumer Engagement Solutions
- Quantum Computing Research for Advanced Security & AI

## Industry Expertise

Our leadership team, headed by Gian Ruggeri, brings 26+ years of experience in AR/VR, AI, and wearable technology. We've been recognized at the Smart Retail Tech Expo & CXO 2.0 Conference for our innovative solutions in the retail and government sectors.

## Differentiators

## Capability Statement - RazrWing Inc.

- Pioneering Wearable & Immersive Tech with AI, AR/VR, and Metaverse.
- Advanced R&D in Meta Materials, AI Simulations, and 3D Printing.
- Expertise in AR/VR Training Simulations for Government & Military.
- Strong AI and Quantum Computing Research for Next-Gen Security.

### NAICS Codes & Government Certifications

Primary NAICS Code: 541519 - Other Computer Related Services

Additional NAICS: 541511, 541512, 541330, 541690, 541715, 541890, 611420

Certifications: SBA Certified Small Business, SAM.gov Registered, DUNS/UEI Registered, GSA Contract-Ready
